ABOUT ME

Hobby's & Passions

On any given day you can find me snapping a photo for Instagram or dreaming up my next adventurous or out of the box session.

Traveling with a camera in hand is where my earthly heart is filled most. I want to travel to as many places as I can!

I'm an enneagram 3, which means I love to be ambitious!
I love to cook, spend quality time with my black lab and my hubby, watch rom-coms, read romantic fiction, be outdoors, travel, fish, & meet new people!

Meet Madalyn // Photographer

Hi friend!

First thing you need to know about me, is that I love Jesus.

He is the reason I do what I do & is behind every success story of my photography business & personal life.

Second - I'm utterly in love with anything and everything to do with photography & creating art from the photos I take. (Fitting right?)

I've been photographing couples since I was a teen & have photographed over 100+ weddings. I've professionally been a small business for over 5 years since 2019 and I wouldn't change my profession for the world.

It's my passion. It's what I LOVE to do.

I love life and everyone that comes into it! Capturing love and life is such a blessing and joy!

- Madalyn V -

Shooting Style & personality

My photography style is best described as timeless, modern, adventurous, playful, candid, minimal and journalistic.

Most people best describe me as easy going, passionate and a major hype woman. I will always try my best to make sure you feel your best behind my lens!

COMMONLY ASKED QUESTIONS & ANSWERS

Q: I'd rather have my photos on a USB instead of online. Can I purchase a USB?

A: Yes! If you'd like to buy a USB with your photos, we charge \$50 per USB which includes shipping costs.

Q: What happens if your website / photo host crashes? Will we lose all our photos?

A: No need to worry. Your photos are safe and sound. We always back up all your edited footage on our external hard drives for one year after the date of your wedding. Be sure to load all your photos when you receive your gallery links within one year.

Q: Where will the photographer(s) sit during the reception?

A: If you are hosting a meal, we ask that you include us in your seating chart and meal plan. If you're having a reception without a meal, we would then charge \$25 per photographer as a meal per diem.

Q: Are we allowed to edit or crop our own images after we receive them?

A: No. You're not allowed to crop or edit the images after you receive them from. Not only are you hiring us to capture the special moments of your day, but you are also hiring us for our creative style.

Q: Are others allowed to take photos during our wedding day?

A: Yes and no. We get that people are excited and want to take photos with the bride and groom. We just ask that if we are in the middle of photographing something or someone and others are trying to get the same footage, we politely ask them to put their devices away. We always encourage an unplugged ceremony but don't require it.

Q: What is a first look, and would you recommend it?

A: First looks are a special and intimate moment where the groom gets to see the bride before she walks down the aisle. We highly recommend doing a first look. You'll be able to see each other earlier and you will be able to have the majority of your photo done before the ceremony. Doing a first look also allows us to capture more footage the day of. However, we're comfortable photographing with or without a first look. If you don't want to do a first look, we would just ask that you allow for two hours after the ceremony to capture the remaining photos.

Q: My fiancé and I are awkward and uncomfortable in front of the camera and our bridal party is a little rowdy. Are you comfortable posing us and our bridal party?

A: Yes, yes, yes! This is what we do for a living. About 99% of our couples tell us this and we are more than comfortable coming up with prompts that will make you and your bridal party feel at ease.

Q: How would you describe your photography and editing style?

A: Our photography style is based off of the clients. We are strong believers in capturing you and your hunny as you are. We try to seek out those fun and intimate moments when we're photographing. Our editing style is warmer.

Q: Are you considered an official business, and do you have business insurance?

A: Yes. We have our LLC and also have all of the insurance we need to protect our equipment.

Q: Do you charge sales tax on your packages?

A: All invoices will have MN sales tax added on the invoice at the MN tax rate of 6.5%

Q: How long have you been photographing couples, engagements, elopements or weddings?

A: Madalyn has been photographing for over 10 years.
