## ABOUT ME

## HOBBY'S & PASSIONS

On any given day, you'll find me snapping photos for Instagram or dreaming up my next adventurous, out-of-the-box session.

Traveling with a camera in hand is where my heart feels most alive. Exploring new places on this earth, brings me so much joy, and I want to see as much of the world as I possibly can.

I'm an Enneagram 3, which means ambition and spontaneity is my thing.

I love cooking, spending quality time with my sweet son Huxley black lab Kelty and my hubby Logan. I love watching rom-coms, reality TV, reading romantic fiction, being outdoors, traveling, fishing, and meeting new people.

## MEET THE FACE BEHIND THE LENS

Hey there, bride & groom-to-be — I'm Madalyn!

The first thing you should know about me is that I love Jesus. He is the reason I do what I do and the foundation behind every success in both my photography business and my personal life.

Second, I'm completely in love with photography and creating meaningful art through the images I capture (fitting, right?). I've been photographing couples since I was a teenager and have had the honor of documenting over 100+ weddings. I've been running my business professionally for more than 8 years, and I truly wouldn't trade this job for anything.

This is my passion. It's what I love to do. I love life and every person who comes into it. Capturing love, connection, and genuine / timeless moments is such a blessing and brings me so much joy and I hope I get to share that joy with you both!

## SHOOTING STYLE & PERSONALITY

My photography style blends timeless elegance with a modern, editorial edge — rooted in candid, journalistic storytelling and elevated by a sense of adventure and playful authenticity.

I'm known for being warm, passionate, and deeply invested in my couples. I try to create a fun, encouraging experience where you feel confident, seen, and genuinely comfortable in front of my lens.

# COMMONLY ASKED QUESTIONS & ANSWERS

Q: I'd rather have my photos on a USB instead of online. Can I purchase a USB?

A: Yes! USBs are \$50 each and include UPS shipping.

Q: What happens if your website or photo host crashes? Will we lose our photos?

A: Nope. Your photos are backed up on our external hard drives for one year after your wedding date. Just make sure to download your gallery within that year.

Q: Where will the photographer(s) sit during the reception?

A: If a meal is being served, we ask to be included in your seating chart and meal count. If there's no meal, we charge a \$25 per photographer meal per diem.

Q: Are we allowed to edit or crop our images after we receive them?

A: No. Part of what you're hiring us for is our creative and editing style, so images should not be altered after delivery.

Q: Are guests allowed to take photos during our wedding day?

A: Yes—with a little balance. We're totally fine with guests taking photos, but if we're actively shooting and someone is interfering, we may ask them to step back. We encourage unplugged ceremonies, but they're not required.

Q: What is a first look, and do you recommend it?

A: A first look is a private moment where you see each other before the ceremony. We highly recommend it—it allows you to spend more time together and get most photos done before the ceremony. That said, we're happy to photograph with or without one. If you skip the first look, we'll just need about two hours after the ceremony for photos.

Q: We're awkward in front of the camera and our bridal party is a little rowdy. Can you handle that?

A: Absolutely. Almost all of our couples say this. We'll guide you with prompts and direction to keep things natural, relaxed, and fun.

Q: How would you describe your photography and editing style?

A: Our style is client-focused and candid. We aim to capture genuine, fun, and intimate moments. Our editing style leans true to color.

Q: Are you an official business and do you have insurance?

A: Yes. We're an LLC and fully insured.

Q: Do you charge sales tax?

A: Yes. MN sales tax (6.5%) is added to all invoices.

Q: How long have you been photographing weddings and couples?

A: Madalyn has over 10 years of experience photographing couples, engagements, elopements, and weddings.
